Review: I just read, slowly and with great pleasure, right through and in sequence. Norton is a reader on film analysis, and this is a report on the experience. ... great theme of the book, it seems to me when I try to see it all together, it is not the desire for meaning or avoidance of the need ... This is what we might think of as an unsettled theory, a question of what is real in the film, what is common, what escape means, and what kind of work our fantasies do in movies. - Michael Wood, the film quarterly (review of the first edition) About this title may belong to another edition of this title. It's a fictitious description. Film analysis offers a brief analysis of fifty diverse and historically significant films - each written exclusively for text by leading scholars. Written with the student in mind, the essays are clear, readable, and great models for students to follow, helping them hone their own letters. The second edition includes six new essays, a new, detailed guide to writing film analysis, and an extensive, last glossary of critical film terms.
